IMPORTANT NOTE ON MOBILE APPS (Google Play Store)

DEPLOYMENT WARNING: While we provide the full source code and APK file for Android, deploying to the Google Play Store is a separate, complex process. It typically involves strict review times (14+ days for new accounts) and Google Developer fees.

This promo covers the Development and APK delivery only. If you require B.I.T.S. to handle the official Play Store submission, approval process, and 14-day closed testing requirement, this will incur an additional service fee.

3. INFRASTRUCTURE & HOSTING ESTIMATES

Since this application runs on **Python** (High-Performance), it requires KVM Cloud Hosting. Standard cheap shared hosting is not compatible. These fees are paid directly to providers.
